EDUCATION

2020-2024

FG PUBLIC SCHOOL LHR

GOVERNMENT GRADUATE COLLEGE

- Higher secondary school certificate Pre-Medical

2024-2028

EMERSON UNIVERSITY MULTAN

- Bachelor of Computer Science
- GPA: 3.8 / 4.0

SKILLS

- WEB-DEVELOPMENT(full stack)
- Html,CSS,Js,MONGODB
- C++,C#
- Problem Solving
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English (intermedaite)

PROFILE

I am Danish Farooq, a motivated Computer Science student from Punjab, Pakistan, currently pursuing BS Computer Science (3rd Semester).

I have a strong foundation in programming with hands-on skills in Python, C++, and C#, and I am continuously expanding my technical expertise.

I am passionate about problem-solving, software development, and learning modern technologies. I aim to build efficient, reliable, and innovative solutions while growing as a professional in the tech industry.

WORK EXPERIENCE

Computer Science Student (Project-Based Experience)

Emerson University | 4th Semester

Developed a University Management System using C++ with Object-Oriented Programming (OOP) as part of a Data Structures and Algorithms project.

Implemented core data structures (arrays, linked lists, stacks, queues) and searching and sorting algorithms.

Designed modules for student records, course management, and enrollment.

Applied OOP principles including encapsulation, inheritance, abstraction, and polymorphism.

Used Python for logical problem solving and basic scripting.

Currently building responsive web pages using HTML, CSS, and JavaScript.

Worked in team-based projects, demonstrating communication, leadership, and project management skills.

Technical Skills

Languages: C++, Python

Concepts: Data Structures and Algorithms, OOP, Problem Solving

Web: HTML, CSS, JavaScript

Soft Skills: Communication, Leadership, Teamwork
